

Did you know?

Giraffes are the world's tallest living land animals. Their tongues measure 20 inches long!

What you will need

- ☐ Template
- ☐ Scissors
- ☐ Hot Glue Gun
- ☐ Long Sock
- ☐ Googly Eyes - Size Large
- ☐ 2 Pipe Cleaners - Brown
- ☐ Sharpies or Markers - Black & Brown
- ☐ 2 Brown Pom Poms - Size Small-Medium
- ☐ Black Felt
- ☐ Cardboard

Let's Get Creative!

- 1 Using the mouth template, trace and cut out onto cardboard.
- 2 Fold the cardboard mouth in half and insert into the sock. Make a cut at the seam to align with the fold on the cardboard.
- 3 Glue the cut part of sock to the cardboard
- 4 Cut a piece of Black felt and glue to the inside of the mouth. Trim any excess felt around the edges of the mouth.
- 5 Glue 2 large googly eyes on the sock side of mouth.
- 6 Using a Brown pipe cleaner, cut 2 pieces about 2.5" long and fold in half. Glue each one above the eyes to make the ears. Cut 2 smaller pieces of pipe cleaner about 1" long for the antlers. Glue a Brown pom pom on top of each piece and glue the antlers between the ears.
- 7 Using a Brown marker, draw spots on the sock to give it the Giraffe look. With a Black marker draw the nose.
