SANTA

- 1** Pour the cocoa mix into one piping bag and tie off the end with a rubber band tightly. Cut off the excess bag with the scissors. Shape into a ball and set aside for later.

- 2** Fill the end of the other piping bag with the red hot candy, then add a small amount of mini marshmallows. Place the bag of cocoa mix inside next, and add the rest of the mini marshmallows. Tie off the piping bag.

- 3** Using the scissors, cut a mustache shape out of the white paper and glue to the cocoa area. Glue the two googly eyes above it, and then finish off by gluing the red pom pom in between them. Glue the white pom pom at the tip of the piping bag. Finish your project by tying the ribbon around where you tied off the piping bag.
