- ☐ 1 Paper Plate
- ☐ Scissors
- ☐ Paint or Colored Pencils/Markers
- ☐ 1 Toilet Paper Roll
- ☐ Black Marker
- ☐ Googly Eyes
- ☐ Glue

Let's Get Creative!

Paper Plate Dino

- 1** Paint or color one side of the paper plate with your choice of color. Do the same for the toilet paper roll. Dry.
- 2** Cut both the paper plate and toilet paper roll in half. Cut the middle out of 1 half of the plate so the rippled edge is separated. Then cut a head and tail out of the rippled edge piece.
- 3** Glue head and tail to the other half of the plate and attach a googly eye. Draw a mouth using the black marker.

- 4** Cut 2 slits in the top of each half of the toilet paper roll and fit the body of the dino into the slits.
