Plastic Spoon Bunny

Let's Get Creative!

- 1** Paint the plastic spoon using your choice of color. Allow to dry, then brush on a thin layer of mod-podge. Allow to dry.
- 2** Glue a pair of googly eyes to the back side of the spoon.
- 3** Draw facial features using a black marker.
- 4** Take one pipe cleaner and cut it in half to create a pair of ears. Fold each piece in half to shape the ears, then glue onto the front side of the spoon.
- 5** Trace and cut the circle template using your choice of colored foam to create the body of the bunny. Glue under the bunny's face.
- 6** Create a bow with ribbon and glue in between the neck and body of the bunny.
- 7** Glue two pom poms across the bottom of the foam circle to create the feet.
