

Did you know?
Caterpillars eat so much that they can increase their body mass by as much as 1,000 times or more!

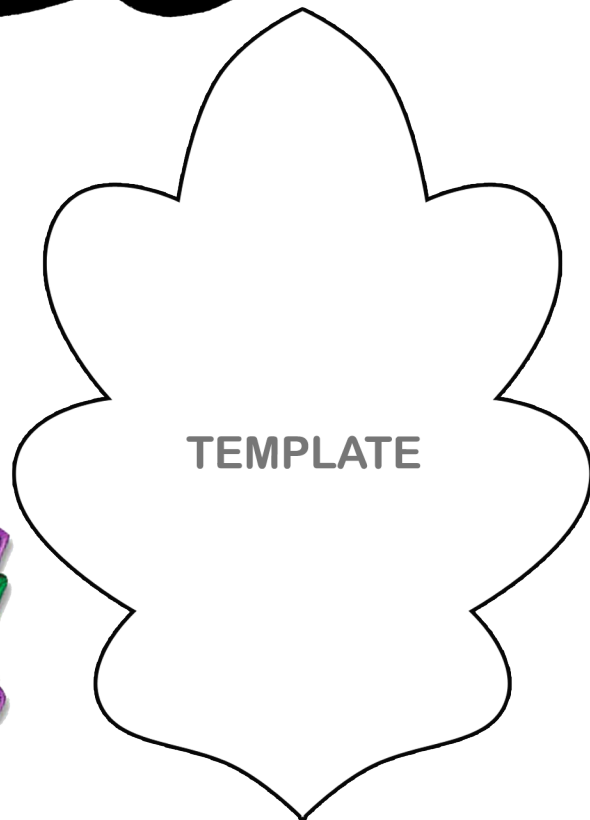

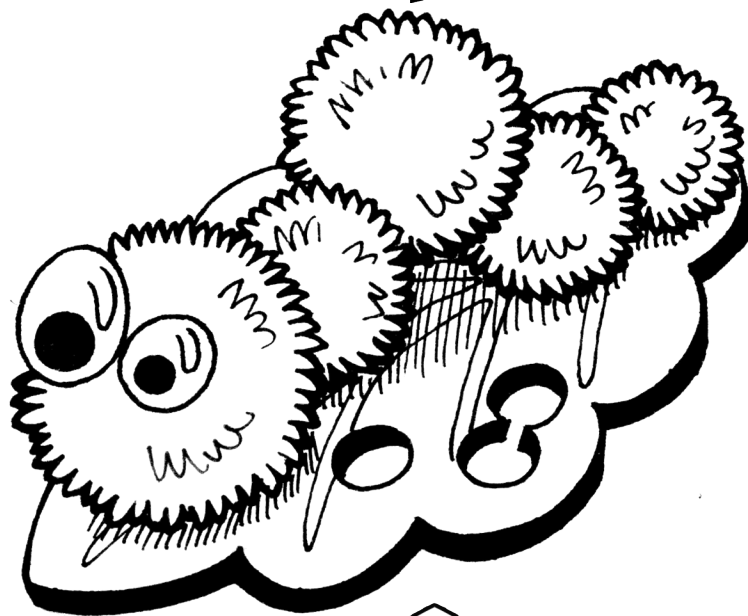

What you will need

- ☐ Different Sized Pom-Poms
- ☐ Green Foam Paper
- ☐ Green Marker
- ☐ Googly Eyes
- ☐ Scissors
- ☐ Hot Glue Gun and Glue Sticks
- ☐ Hole Punch

Let's Get Creative!

- 1** Glue together 5 different pom-poms to create a caterpillar. Tip: Use the largest pom-pom for the head.
- 2** Glue googly eyes onto the face.
- 3** Trace the leaf template onto green foam paper before cutting out carefully with scissors.
- 4** Draw line details onto the foam leaf with your green marker.
- 5** Glue the caterpillar to the leaf.
- 6** Use a hole punch on the leaf to show where your caterpillar munched on it!
