

What you will need

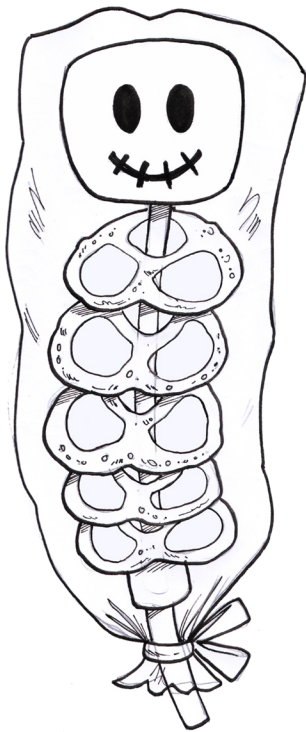

- Marshmallows
- White Chocolate Covered Pretzels
- Mini Marshmallows
- Black Candy Melts
- Lollipop Sticks
- Toothpicks
- Treat Bags
- Twine
- Snappy Fun Patch

Let's get creative

Preparation Notes:

- 1 Take a marshmallow and push it onto the end of one of your lollipop sticks. You will need to make the skeleton face on the marshmallow first.
To make the face, melt black candy melts in a dish and draw the eyes, nose & mouth with a toothpick.
- 2 Next, pick 5 pretzels that you will layer on the stick to create the "bones."
- 3 Place the stick through the smallest part of the pretzel.
- 4 Stack all the pretzels one after the other on the stick.
- 5 To keep all the pretzel "bones" in place, use a mini marshmallow as the anchor.
- 6 Slide the stick through the mini marshmallow and push it all the way up until it meets the pretzels. Your skeletons are now done!
