

## What you will need

- Clean Toilet Paper Roll
- Paint
- Construction Paper
- Black Marker
- Glue
- Scissors

## Directions:

- 1** Paint your toilet paper roll with fun colors and patterns. Allow to dry.
- 2** Using scissors, cut out the shapes in the diagram. You will need two heart shapes for wings, one triangle for the beak, two larger circles for the eyes, and several smaller circles for feathers.
- 3** Once dry, push in the sides of the toilet paper roll so that it closes up neatly. It should bend into a crescent shape as shown.
- 4** Use glue to layer small circles in a scale pattern on the front of the owl. Paste the two heart shapes upside down on either side of the owl to make wings.
- 5** Bend the triangle shape in half to make it look 3-D and glue the wide end above the chest feathers. Glue the eyes above it and draw pupils on them.
