

What you will need

- Clean Toilet Paper Roll
- Paint
- Construction Paper
- Markers
- 3 White Pom Poms
- 1 Black Mini Pom Pom
- Glue
- Scissors

Directions:

- 1** Paint your toilet paper roll with fun colors and patterns. Allow to dry.
- 2** Using scissors, carefully cut the toilet paper roll in half. You will use one half to cut out the shapes of the head, neck (bigger rectangle shown in diagram) and the tail (long thin rectangle).
- 3** Use scissors to cut out several different sized heart shapes out of construction paper. This will make up the fur.
- 4** Glue the neck to the inside of the toilet paper roll so that it sticks out enough to glue the mane onto. In a flower pattern, start gluing the hearts to the top of the neck.
- 5** Glue the head to the center of the mane and glue the pom poms to the mouth area as show. Color in eyes with markers.
- 6** Glue the base of the tail to the back of the toilet paper roll. Glue a heart to the tip of it.
